Hope 200 Will Attend **Testimonial Dinner**

Less than 25 tickets have been sold thus far for the testimonial dinner to be presented the state Commission for the observance of the 100th anniversary of the Battle of Gettysburg and Lincoln's Gettysburg Address, it was reported at

the Travel Council office this morning. All the organizations in town have been asked to send at least two representatives to the dinner. It is hoped that merchants will indicate their support and endorsement of the commission and its proposed observances by attending the dinner and also bring several guests.

One organization has indicated it will reserve a table for eight or 10 for the testimonial. Other firms may do the same

The programs for the two observances in July and November, 1963, will be announced at the dinner to be held November 20 at the Hotel Gettysburg. Tickets are available at the Travel Council office on Car-

FARMERS HEAR OF AG WORK IN FOUR NATIONS

Seventy attended the ladies night banquet held by the Gettysburg Young Farmers Monday evening at St. James United Church of Christ, Harney

President Lyndale Brandon presided at the meeting, introducing the wives present and noting a birthday of one of the wives. He introduced the speaker, Howard Waybright, who spoke of a recent trip to Europe.

Waybright, who has two sons and two nephews in the Gettysburg Young Farmers, said a highlight of the trip was a visit with William Watts in Scotland. Watts, an International Farm Youth Exchange delegate, had resided at the home of Mr. and Mrs. Waybright 13 years ago during his stay as an IFYE delegate in the United States.

Flameless Electric Living provides comfort and safety

Flameless electric heat combines cleanliness and convenience with maximum safety to make total electric living more comfortable and enjoyable for your whole family.

For example, there's a thermostat in every room, so you can select the exact temperature you want. There are no drafts—no hot spots. It's clean as a whistle — absolutely noiseless — completely automatic. Safe, too-no chance of fuel leakage or combustion.

And the cost? At the special "total electric living" rate, more than 1,600 Meco families have found electric heat very reasonable for both new and older homes. Call or write for a free booklet that gives you the interesting details.

Flameless Electric Living provides comfort and safety

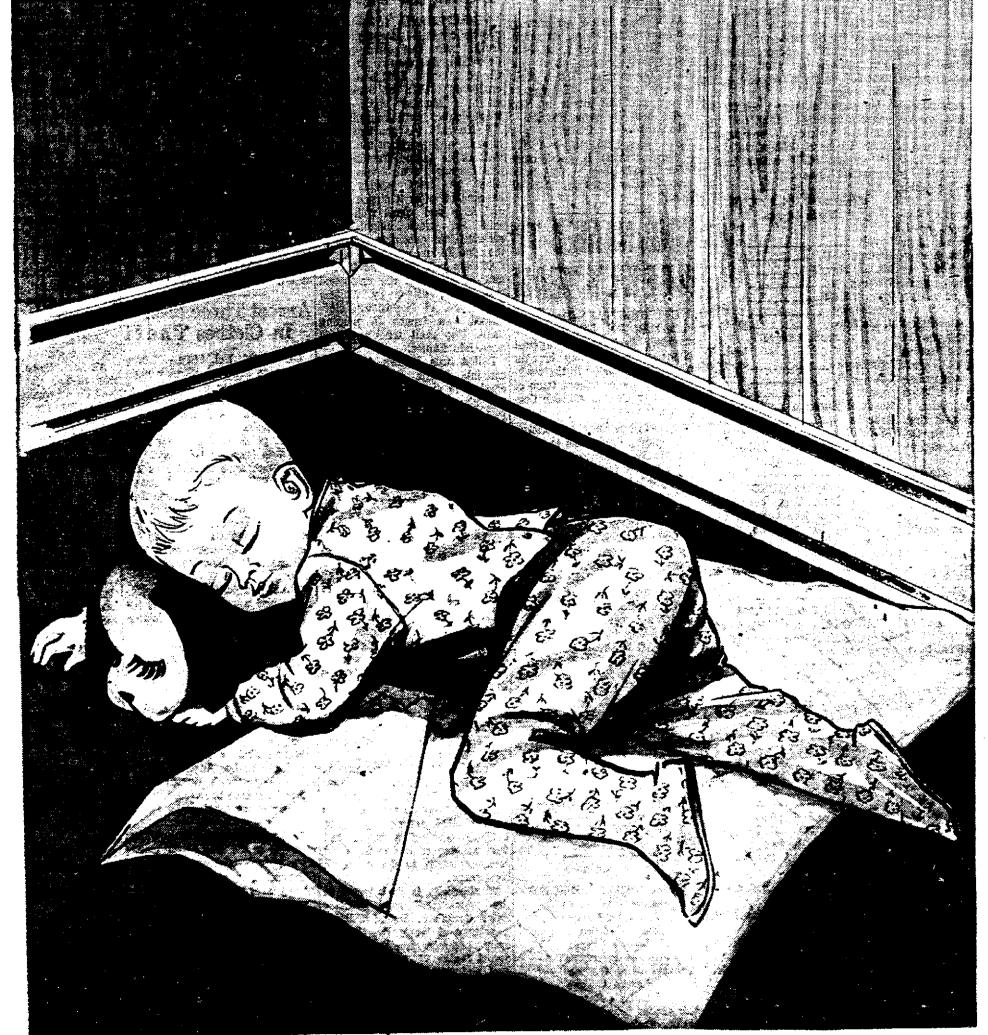

Flameless electric heat combines cleanliness and convenience with maximum safety to make total electric living more comfortable and enjoyable for your whole family.

For example, there's a thermostat in every room, so you can select the exact temperature you want. There are no drafts—no hot spots. It's clean as a whistle — absolutely noiseless — completely automatic. Safe, too-no chance of fuel leakage or combustion.

And the cost? At the special "total electric living" rate, more than 1,600 Meco families have found electric heat very reasonable for both new and older homes. Call or write for a free booklet that gives you the interesting details.
